Many Prizes For Parade

Eighteen inches high and of a beautiful gold-finish metal, an impressive trophy on a marble-like base will be awarded as first prize for the best and most originally decorated bicycle in the Bicycle Parade to be sponsored by Montgomery Ward & Co. and the Tribune tomorrow at 11 a.m.

The nine merchandise prizes from the sporting goods department of the local store are as follows: Tennis raquet, pair of skates, softball, catchers glove, official major league baseball, baseball bat, air rifle, ping pong set, Bosc camera.

All types of bicycles are eligible for entry in the parade. It is hoped to have bicycles, old and new, large and small, a complete exhibition of bicycles.

The parade is sponsored primarily in the interest of safe bicycle riding in the community. A set of 10 rules of safety for bicycle riders is being given with each entry blank. Boys and girls are urged to register immediately, get the colorful wheel discs being given to each entrant, and prepare their bikes for the parade.

All contestants must register with C. L. Emerson, manager of the sporting goods department in the Ward store, by 6 o'clock tonight.

Prizes are now on exhibition in the windows of the store.

Club To Aid County In Caring for Trees

Directors of the Highlands District Improvement Club have voted $40 to provide for labor to assist county crews watering trees planted on Jefferson Ave. They authorized Charles Holt to make a survey of the subdivision to determine what restrictions will be sought prior to submitting a petition to property owners. The petition, voluntarily accepting building restrictions, is necessary to secure Federal Housing Administration of loans, it was explained.

William Hohn Retires From Business

Standing beside the beautiful Air-Conditioned Ice Display Case which was recently installed by the Redwood Ice Delivery are Theron Seitz, Irene O'Neil and Frank Ohlson of Hohn's Delicatessen and Grocery, 2650 Broadway. William Hohn, proprietor, is retiring and Mr. Seitz is taking over the management.

After 13 years of successful operation of Hohn's Delicatessen and Grocery, William Hohn is retiring from business and turning over the management of his store to his son-in-law, Theron Seitz.

"My retirement from business will in no way affect the quality of the foods I have always sold," says Mr. Hohn. "Mr. Seitz understands the business thoroughly and I feel sure that my customers will enjoy the same service from him as they did from me."

Recently Mr. Hohn modernized his store with Air-Conditioned Ice Refrigeration equipment. The installation was made by the Redwood Ice Delivery, 95 Perry St., of this city. According to A. L. Robertson, ice company manager, the refrigeration equipment installed in Hohn's Delicatessen and Grocery is the finest type of equipment available for this business since its exclusive air conditioning feature automatically controls the humidity of the air in the food storage compartment and prevents dehydration and discoloration.

The new refrigeration equipment in this establishment consists of a six foot display case which is air-conditioned with ice and a nine foot back bar with a special force-draft unit for quick cooling.

Many Realty Sales Reported by Firm

Describing the realty outlook as "very good," Walter Realty Co., which last week handled the transaction involving sale of the Sequoia Apartments on Broadway, today announced a number of other transactions recently completed.

Dave L. Walter explained that the Sequoia Apartment sale involved another transaction. Originally owned by P. J. Gassibert, the apartments were exchanged for the Stanford Apartments on Sacramento St., San Francisco, formerly owned by A. C. Muther. Then Muther in turn sold the local apartment house to Mrs. Florence M. Anderson.

Other recent sales by Walter: Margaret V. Gilboy to Clinton A. Strain, home on 15th Ave., Atherton; to T. Cappelletti for A. Ferrar, home at 2305 Middlefield Rd., Redwood City; for W. B. Taylor to Mrs. A. Harris, 311 Jeter St.; for Albert E. Benson to L. C. Damon, home on Lakeview Way, Emerald Lake; for L. J. Clements to W. R. Cuckler, new home on Roosevelt and McKinley; for Frank Mueller to Helen d'Amico, home on Acacia Ln., Emerald Lake; for Paul Gardiner to Ferdinand Reeb, southwest corner, Brewster and Duane; for Frederick Balagna to H. E. Bennett, home on Hillcrest Dr.; for Hugh H. Cullen to R. L. Lindenbaum, 294 Jeter St.; to Dr. E. W. Paul, the veterinary hospital on El Camino Real; for W. Hortig to Alex Esonne, Menlo Park home; for Anita Davis to Joseph Visconti, 1355 Central Ave., San Carlos; for A. J. Spinkler and Frank K. Daniels, 119 Fairmont Ave., White Oaks.

CALLED BY MARINE CORPS

John Stoner, son of Mr. and Mrs. Carl B. Stoner, 345 Edgewood Rd., Redwood City, is going into active service with the United States Marine Corps. In the radio service of the Marine Corps Reserves for the past three years, Stoner is being called to the Oakland air base Thursday to go on active duty for about three weeks with the Eighth Marine Reserve Scouting Squadron.

America's first real hotel was the City Hotel, opened in 1794 in New York City. It had 73 rooms.

Here at Long Last Is a New Dog Food

Here at long last.

Why not before, we do not profess to know. Nothing on the market like it and yet it is so simple.

What is it?

"Bonds 17 Dog Food," a prepared meat base dog food. That does not make a scavenger out of your dog, that he can eat every day and thrive, that is a conditioner as well as a food.

Why? Because: It is 70% Lean Meat, balanced vegetables—cereal—wheat germ oil—bone meal—milk—calcium phosphate and other items a dog needs for a well balanced diet. It contains no "Meat By-Products."

Annual Race Meets Delay

Postponed from next Sunday, as originally scheduled, Redwood City's annual Soap Box Derby will be held July 21, it was announced here by Thomas W. Badley, YMCA secretary, and Howard King, chairman of the Kiwanis Club's committee in charge.

Joining with the 'Y' and Kiwanis in sponsoring the event will be the Davies Auto Co., which will send the first three place winners to the Chevrolet soap box derby to be held on Treasure Island July 23.

Winner of the Treasure Island event will be sent with a chaperon to the national meet at Akron, O. The winner there will receive a four-year college scholarship.

Boys interested in entering the derby should register at the Davies Garage on El Camino Real. Parents must sign a consent for the boys to participate. Youngsters then will be given an official rule book by King, who will advise them on building their machines or securing parts for them.

In the local derby, course for which is yet to be chosen, King will be race official and Badley chairman.

HEALTH BOARD TO MEET

Dr. A. E. O'Neill, chairman of the county board of health, announced today that a meeting would be held next week to consider the request of County Executive Frederick Peterson for nomination for the post of health director. Other matters which have accumulated since the board's last meeting also will be taken up, the chairman said.

Parallel Parking Brings Improvement

Great improvement is already being shown in the downtown traffic situation since the installation of parallel parking for 100 feet on Broadway at El Camino Real, City Manager C. L. Dimmitt said today. Dimmitt stated that he has noticed that traffic is moving faster. The change leaves a double lane opening into the highway. There is room for five cars in the parallel parking zone.

Eventually parking zones will be painted at 30-degree angles instead of 33 degrees all the way up Broadway, according to Dimmitt. The parking spaces will be more flattened and there will be a foot and a half more space for each car.

Commission Approves Subdividing of Lot

A proposal to subdivide a lot on Sapphire St. near Jefferson Ave., as requested by Mrs. Sallee Robertson, met approval Monday night of the Redwood City Planning Commission, as did a proposal of the Standard Oil Co. to have the setback line at James Ave. and El Camino Real changed from 14 to 10 feet. The company plans erection of a service station on the corner. Action on a request of Atty. Leonard Worthington, on behalf of a client, to rezone a lot on Wellesley Ave. near El Camino Real from first to second residential district was delayed for 90 days.

City Is Billed $18,278 For Power Firm Survey

The Pacific Gas and Electric Co. has billed Redwood City for $18,278 for the costs of a survey made in 1937 when the city was contemplating buying the company's electrical properties.

The bill was presented by Ralph DuVal, P. G. & E. attorney, who asked State Railroad Commissioner Frank R. Devlin to assess the city for the survey costs and wipe out the $488,000 valuation set on the company's Redwood City electrical properties.

After the valuation was fixed in August, 1937, Redwood City voters overwhelmingly defeated a proposed bond issue designed to finance the purchase.

DuVal's plea that the company be reimbursed was based on the contention the city did not "diligently pursue" its attempt to buy the properties.

No contest of the claim was made by Albert Mansfield, Redwood City city attorney, who contented himself with asking questions as to how the $18,278 figure was reached. Devlin took the question under submission.

In 1703, Delaware became a separate colony, although it had the same governor as Pennsylvania.

Retired Insurance Agent Dies Here

Edwin J. Murray, retired insurance agent who had lived in Redwood City for the past seven years, residing at 167 Finger Ave., died Sunday at a San Mateo hospital after an illness of several years' duration.

Misdemeanor Charges Face San Jose Trio

SAN JOSE — Misdemeanor charges of conspiracy to violate state gambling laws were brought against Jack Pacheco, Cyrus McMillan and Al Gianotti here by Dist. Atty. John P. Fitzgerald. The trio was acquitted by a jury in superior court last week of conspiracy to extort money from tavern operators. The new complaint alleges that the trio placed illegal slot machines in various Santa Clara County taverns. Gianotti, 32, lives in Menlo Park. Pacheco is a former highway patrol captain and McMillan is a San Jose salesman.

Executor of Estate Jailed for Contempt

R. Edward Kasso, 42, executor of the $7000 estate of his father, Anthony J. Kasso, who died in South San Francisco in 1931, was jailed by Judge A. R. Cotton here on a contempt of court proceedings. The judge acted on petition of two creditors, Silvio Nieri, South San Francisco mortician, and J. J. DeHaven, Lawndale cemetery officer, who alleged that Kasso had failed to file an accounting of the estate or to pay claims against it. The warrant for Kasso's arrest was issued May 2 after he failed to answer an order to show cause. Kasso was held in lieu of $100 bail.

S. F. Thanks County For Air Base Payment

George L. North, manager of public relations for the San Francisco Chamber of Commerce and resident of Redwood City, has expressed the gratitude of the San Francisco organization for San Mateo County's good faith in discharging its "gentleman's agreement" to contribute $50,000 toward purchase of the Sunnyvale air base.

In a letter to the board of supervisors, North announced that the final installment had been received and that the obligation had been liquidated.

"May I express the hope that the project in which our respective communities have made heavy investment may prove to be not only a very important asset to the national defense, but of material importance in the development of San Mateo County," North wrote.

San Francisco led the fight to bring the dirigible base to Sunnyvale and the chamber of commerce financed the land purchase. The property was given to the Navy, later abandoned as a dirigible base and converted into an Army airport.

County Phone Book Urged by Peterson

County Executive Frederick Peterson has initiated a movement to have included in the San Mateo County telephone directory the names and numbers of all subscribers who live in the county.

He pointed out that from Redwood City south many of the numbers are listed only in the Santa Clara County directory. Telephone subscribers in Lawndale, Colma, Daly City, Brisbane and Bayshore are listed in the San Francisco directory. Peterson said he had received numerous complaints about the present arrangement and would confer with Pacific Telephone and Telegraph officials tomorrow.

Ralston Blvd. Work To Be Resumed

County Engineer M. A. Grant announced here that WPA crews will resume work on the Ralston Blvd, widening project after a month's layoff. The WPA men will clear the right-of-way of shrubs and trees. The grading work will be let to contract and the county road department will do the paving with its own equipment, Grant said.

DR. CAMPBELL, Dentist

SAYS: "So **intimate** to one's everyday life and so important to one's **appearance** are

DENTAL PLATES

that everywhere dentists are using and recommending the new TRANSPARENT DENTAL PLATE MATERIALS.

For sheer *beauty*, *naturalness* and *daintiness* they are *unique*. Mere words do not suffice to describe the *artistry* shown in the clever *blending* of color tones that make them so *life-like*, so *gratifying* to the eye and so well *adapted* to their purpose that one can well understand why they are being so enthusiastically *endorsed* by many members of our dental profession, and why we are *proud* of such a great factor that does so much to enable us to make *dental plates* that are nearer in *appearance* to *nature's own* tissues than many materials formerly used.

NO MONEY DOWN on approval of your credit. Pay small weekly or monthly payments.

Take as long as 1 year to pay

Transparent Dental Plate Material

Means so much to you! Dentists everywhere are using it in making plates and praising it for these qualities

1. **LIGHTWEIGHT** . . . yet practically unbreakable—so strong the palate can be made thin—clear, transparent and dainty.
2. **SIMILARITY** in color to nature's own gums being so great, results can be obtained that *defy detection*.
3. **SNUG FIT** possible, due to adaptability of transparent material to each individual mouth.
4. **SMOOTH** glossy finish made possible so that plates can easily be kept clean.

Only Few Hurt Despite Heavy Traffic

Although warm weather attracted heavy traffic to Peninsula highways over the weekend, accidents were few and fatalities were none, according to reports from state and city traffic office

Charlotte Walter, 11, San Francisco, incurred a sprained ankle in a three-car crash on Bayshore Hwy. at Millbrae Sunday night.

Cornelius J. Earley, 58, 145 Costa Rica Ave., Burlingame, suffered lacerations of the nose and chin and a rib fracture Sunday night when his car ran off Bayshore Hwy. near Mills Field, attaches at South San Francisco Hospital reported. They said he was attempting to avoid a collision with another car — and succeeded, only to wreck his own.

Three migrant workers, in a ton and a half truck loaded with all their possessions, came to grief Sunday in Hillsborough on their way to Half Moon Bay when the truck plunged off Crystal Springs Rd., knocked down 30 feet of fence and scattered occupants and contents of the truck over the front lawn of the K. W. Hess home.

Injured were Angel Boegos, 27, Pleasonton, fractured ribs; Raymond Enriques, 37, Hayward, fractured shoulder; Victor Rico, 28, Decoto, lacerated hand and cuts and bruises.

Boegos, the driver, told Hillsborough police that he was forced off the road by an oncoming car.

Child Runs Into Officer's Motorcycle

Barbara McSherry, 8, daughter of Mr. and Mrs. Joseph P. McSherry of 204 Redwood Ave., escaped with a possible slight concussion of the brain when she ran headlong into the side of the slow-moving motorcycle of Police Officer E. G. Fogarty in front of her home at 11:30 a.m. Wednesday.

The girl was standing beside a fire department truck, detailed to a vacant lot to burn off dry grass, when she heard her mother call and darted across the street to her home, Police Chief C. L. Collins said. She apparently failed to see the motorcycle. Fogarty stopped within three feet.

Given emergency treatment here, the child was taken to Palo Alto Hospital for further observation, but she was thought to be not seriously hurt.

McGrath Takes Papers; Favors Preparedness

Former U. S. Rep. John J. McGrath, who has taken out papers for the Democratic and Republican nominations for Congress, placed himself on record categorically in favor of "100 per cent preparedness" including compulsory military training.

Member of the Naval Affairs Committee of the House during his entire tenure (he was defeated in 1938 by Republican John Z. Anderson), McGrath declared that the first need of the nation is for airplanes. He said the United States needs both an Atlantic and Pacific fleet, and should construct the Nicaragua Canal to provide an alternate route for the Panama Canal.

He predicted that Roosevelt would be drafted for a third term and that he would name his own candidate for vice president.

First Load Of Cement Arrives Here

First truckload of cement, 22 tons, of a 70,000-ton booking which will pass over Port Redwood City's docks en route to Pearl Harbor Navy Yard, Honolulu, arrived at the Pacific Bridge Co.'s new warehouse at the port Wednesday, Manager Rudy announced.

The company, which will build a new drydock for the United States Navy at Pearl Harbor, completed yesterday in three weeks to the day its 8000-ton capacity warehouse at the port, a record construction job. The warehouse is 82x225 feet.

The shipment of cement through the port will continue for at least 10 months, Rudy said.

While the cement shipment is just starting, the port continues to receive lumber from the Pacific Northwest. Saturday the steamer Bandon is due with a cargo of 300,000 board feet of Douglas fir, and next Wednesday the Willapa will deposit a load of 500,000. So far this month 300,000 feet have been received, from the freighter Davenport last week. In May the port accepted shipments of more than 2,000,000 feet.
